

BE/BC Plastic Surgeon

I am a Facial Plastic Surgeon looking for a BE/BC Plastic Surgeon who is interested in specializing in cosmetic body procedures. I have been in solo private practice for 22 years in Avon, Connecticut and exclusively perform aesthetic procedures. My goal is to create a Center for Surgical and Non-Surgical Cosmetic Procedures staffed by core physicians: Facial Plastic Surgeon, Cosmetic Body Plastic Surgeon, Cosmetic Dermatologist, and a Cosmetic Dentist. This is an opportunity to participate in the development and ownership of a Cosmetic Facility. I am looking for physicians who take pride in their work, who relentlessly strive to be the best in their specialty, and who put the patient before any self-interests (monetary or otherwise).

The office environment is structured to prioritize the importance of family. The emphasis for myself and for my staff is work-life balance. Over the past 22 years I have been able to be there for every important moment of both of my children's lives. I have been to all of my children's' sporting events and I have attended all important school related activities. My belief is that family comes first. This is true for myself and for all of my staff.

The practice mission statement is patient care oriented. The goal is to provide the safest, most effective, and most economical cosmetic treatments with integrity. This starts by honestly educating the patient to all of the risks and benefits of all of the treatment options available, and to let the patient make their decision without any pressure or coercion.

If interested, please call or email Sheila Rivera at (860) 409-1515 or info@stanislawmd.com.
